when

**you want to enhance
the wellbeing of your
children and family**

a Centrecare outreach service
providing counselling and family
support for families in Bunbury

Bunbury Counselling and Family Support Service provides counselling, support and case management to parents and care givers who would benefit from individual support to increase their parenting confidence, skill and knowledge. We focus on the needs and strengths of parents, care givers and their families while using a positive approach to strengthen the parent/child relationship and reduce challenges and risks experienced by families.

Parents and the family are the earliest and most important teachers in a child's life. The basic experiences of love, security and trust enable children to become capable and secure adults.

Parenting children can be rewarding and enjoyable but it can also be stressful. During these difficult stages, parents may need support and encouragement to help them feel confident in their parenting skills and to enhance the wellbeing of children and the family.

Are you:

- overwhelmed with the responsibilities of children and family;

If you answer "yes" to any of the above questions, then this service may be of help to you.
