

STRONGER TOGETHER

**Intensive outreach
counselling and support
for families whose children
have been returned to their
care and for families at risk
of having their children
removed from their care.**

We can help you:

- reunite with your children;
- if your children are at risk of being taken into care by Child Protection and Family Support Service (CPFS);
- keep your children safe from harm;
- with the responsibilities of children and family;
- maintain a safe, stable and secure home;
- if you are feeling unsure about your relationship with your children;
- if you are finding it difficult to talk to your children about their time in care; and
- by providing a reunification service that is culturally sensitive.

A **Stronger Together** worker will show you how to keep your children safely at home and help you develop a strong relationship with your children. We will assist you to develop your knowledge, skills and confidence to be the best parent you can be.

Stronger Together is a partnership service between Centrecare and Wungening for families to keep their children safe at home or being reunified with their children and is funded by the Department of Communities: Child Protection and Family Support.

For more information about this service, please contact the location nearest to you.
