**Claire Orange**

founder DiGii Social, Child and Family Mental Health Author, Advocate and Speaker

**Kayelene Kerr**

founder eSafeKids, Cyber Safety, Digital Wellness & Pornography Education Specialist

The everyday wellbeing of your young people is closely tied to their digital lives out of school. Sleep disruptions, social dramas, access to inappropriate content – all of this ends up in your classroom looking like complex behaviours that take time and energy to manage. So what is it that young people are getting up to online that's changing their attitudes, brains and behaviours and how can we help them socially, emotionally and in their learning too.
