Join us for an evening of nutting out the BIG issues for our children online. Raising safe, civil and savvy children in an increasingly digital world is challenging for every parent. Let's talk about:

- Screens and sleep
- Gaming
- Losing control of devices and access

Together, let's explore the issues and create useful action points that can be shared in every community of concerned parents raising digital citizens.

*Wine and Cheese on arrival
Limited to 2 members of each Association*
